Al-

Kulaib Universal Co. (AKUCO) AKUCO is licensed as a Grade “A” fire protection contractor and importer. They supply advanced fire protection products for commercial, industrial, and oil & gas applications. The company offers turnkey solutions, including installation and maintenance, and partners with Kanex Fire Solution Limited for specialized fire fighting equipment.

Alghanim Wormald (AGW) AGW provides consulting, trade, contracting, and turnkey fire protection solutions. They handle design, supply, installation, maintenance, and testing of mechanical and electrical fire protection systems.

AG

W holds Category “A” approval from the Kuwait Fire Brigade and serves sectors including oil, gas, power, and commercial projects.

ACCWL

L ACC's Fire Division is accredited by the Kuwait Fire Force and offers design, supply, installation, testing, and maintenance of fire protection equipment, including fire alarm systems and portable extinguishers. They are exclusive distributors for brands like Victaulic, HOTCHIKI, and Angus Fire, and provide preventive and corrective maintenance services.

Key Considerations

All listed companies are licensed by the Kuwait Fire Force, ensuring compliance with local fire safety regulations. They provide turnkey solutions, including distribution box installation, system integration, and ongoing maintenance. Many companies represent international manufacturers, offering high-quality, certified fire protection equipment.

Services cover a wide range of sectors, from residential and commercial buildings to industrial and oil & gas facilities. For projects requiring fire protection distribution boxes in Kuwait, contacting these companies directly will allow you to discuss specifications, installation requirements, and compliance with local fire codes.
