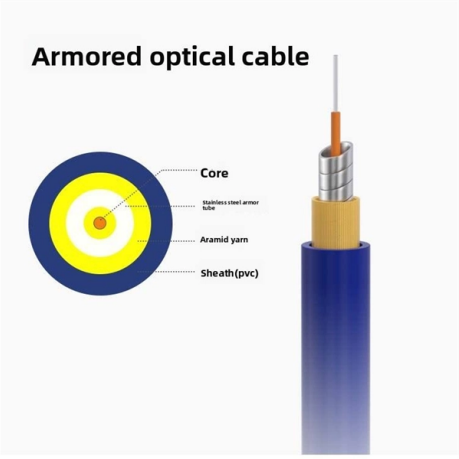
Nigerian Price of 6-Core Anti-Calibrating Optical Cable



Overview

Electrical Cables in Nigeria for sale Price on Jiji.ngWe provide you with best quality in Nigeria cables pure copper % high quality voltage resistances.

Key Takeaways

The price of a 6-core optical fiber cable in Nigeria typically ranges from ₦3,500 to ₦8,000 per meter, depending on brand, quality, and vendor.

Price Range and Vendors

In Nigeria, fiber optic cables are sold by both manufacturers and online marketplaces. On Jiji.ng, fiber optic cables are available from ₦3,450 for basic types, with prices increasing for higher-quality or specialized cables. Manufacturer price lists, such as Nigerchin and Coleman, indicate that multi-core cables, including 4-core and higher, vary in price depending on core count, insulation, and armoring.

A 6-core cable would generally fall within the ₦3,500 to ₦8,000 per meter range, with premium brands or armored versions costing more.

Factors Affecting Price

Brand and Manufacturer: Well-known brands like Nigerchin and Coleman often charge higher prices due to quality assurance and compliance with international standards.
Cable Type: Anti-calibrating or specialized optical cables may cost more than standard fiber optic cables due to additional features or enhanced performance.
Length and Bulk Purchase: Buying in bulk or longer lengths can reduce the per-meter cost.

Market Fluctuations: Prices in Nigeria are influenced by exchange rates, import duties, and local demand, so they can vary frequently.

Recommendations

Check online marketplaces like Jiji.ng for competitive pricing and verified sellers. Compare manufacturer price lists for brands like Nigerchin and Coleman to ensure quality and warranty coverage. Confirm the specifications (core count, armoring, anti-calibrating features) before purchase to match your technical requirements.

By considering these factors, you can find a 6-core anti-calibrating optical cable in Nigeria at a price that balances quality and affordability.
