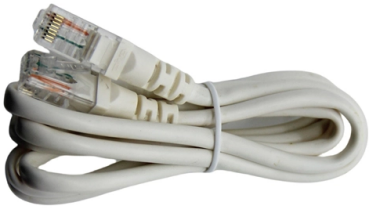
Price list of galvanized cable trays in Guatemala



Overview

What are Galvanized Cable Trays? They are a type of cable support system manufactured from steel sheets coated with a zinc layer through a hot-dip galvanization process.

Key Takeaways

Galvanized cable trays in Guatemala typically cost between $10 and $30 per meter, depending on type, size, and coating.

Price Overview

The cost of galvanized cable trays varies based on material, type, and supplier. Steel trays, which are the most common, generally range from $10 to $30 per meter, while aluminum trays can cost more, around $20 to $50 per meter due to their lightweight and corrosion-resistant properties. Hot-dip galvanized ladder-type trays are widely used and priced per standard lengths, often 2.

4 meters per section.

Factors Affecting Cost

Material and Coating: Hot-dip galvanized (HDG) trays are more durable and slightly more expensive than pre-galvanized trays. Tray Type: Ladder trays are stronger and cost more than perforated or wire mesh trays, which are suitable for lighter loads. Customization: Custom sizes, lengths, or special coatings can increase the price.

Installation and Shipping: Labor, local wages, and transportation costs can add to the total project cost.

Local Suppliers

Several suppliers in Guatemala offer galvanized cable trays, including Brilltech Engineers and Jeetmull Jaichandlall, providing options for both standard and customized trays. They emphasize durability, corrosion resistance, and ease of installation, which can reduce long-term maintenance costs.

Cost-

Saving Tips

Bulk Orders: Ordering in larger quantities can reduce per-meter costs. Tray Selection: Using perforated trays instead of ladder trays for lighter cables can save up to 15%. Supplier Comparison: Requesting quotes from multiple local suppliers ensures competitive pricing.

In summary, for a standard galvanized steel cable tray in Guatemala, expect to pay around $10–$30 per meter, with variations depending on type, coating, and supplier. For precise pricing, contacting local suppliers for a quote is recommended.
