8-way optical splitter uplink interface

Overview

8-way splitter with FC/UPC connectors for optical signals in the 1260 nm-to-1650 nm range. Recommended for wideband LNB based applications, or any type of GPON network. Inverto's Unifiber ™ range of balanced passive optical splitters operate over a wide optical bandpass range 1260-1650nm featuring high uniformity across output ports, low insertion loss, high return loss and excellent directivity performances. It features small size, high reliability, wide operating wavelength range and good channel-to-channel uniformity. Each connection is equipped with an SC/APC socket. The incoming and outgoing optical cables can be connected directly to the splitter, thus avoiding potential sources of error and unnecessary transitions. Read more. Thorlabs' Single Mode 1x8 Fiber Optic Planar Lightwave Circuit (PLC) Splitters allow a user to split a single input signal evenly into eight output signals, which is ideal for passive optical networks (PON) and other high-channel-count applications. T PON standards such as GPON, XGS-PON and new 25 and 50G standards.

Article Content

Unifiber™ 8-way optical splitter cassette, SC/APC

The Unifiber ™ optical splitters are offered in a cassette housing and fitted with

FC/UPC 8W optical splitter 1260...1650 nm 10.1 dB

8-way splitter with FC/UPC connectors for optical signals in the 1260 nm-to-1650 nm range. Recommended for wideband LNB based applications, or any type of GPON network. The compact

OVE 8-03 Optical 8-way splitter

For distribution of optical signals With SC/APC connectors female Type OVE 8-03 Order no. OVE00803 GTIN 7611682007039 PE 1 VE 1 EU custom tariff number 85291080

TOS 08 SC, 8 Way PLC Splitter SC/APC

The optical splitter uses a planar light wave circuit (PLC) based on silica optical waveguide technology. It features small size, high reliability, wide operating wavelength range and good channel-to-channel

8-way splitter QS-08

6-way and 8-way splitters as well as 4-way, 6-way and 8-way taps are mountable in horizontal and vertical positions High screening factor (≥ 110 dB) exceeding EN 50083-2 Class A +10 dB

Splitters

The OSF splitters split an optical input signal into 2, 3, 4, or 8 outputs. Each connection is equipped with an SC/APC socket. The incoming and outgoing optical cables can be connected directly to the

1x8 Single Mode Fiber Optic Splitters

Thorlabs'' Single Mode 1x8 Fiber Optic Planar Lightwave Circuit (PLC) Splitters allow a user to split a single input signal evenly into eight output signals, which is ideal

Optical Splitters for Central Office/Headend

CommScope offers a portfolio of bare and connectorized splitters/couplers in a wide range of styles and split ratios, and splitter modules for inside plant (ISP) and

HSX-08 8-way splitter

The HSX-xx series of high-quality splitters has been developed specifically for panel mounting in headend applications, providing a versatile solution to support many

Splitter, 8 Way Active, ETL Dextra Series | Viking Satcom

The Dextra range of RF splitters and combiners has been designed for high resilience RF distribution and combining of uplink and downlink satellite signals.

8 Way Splitter in TV Satellite Combiners & Splitters

Buy 8 Way Splitter in TV Satellite Combiners & Splitters and get the best deals at the lowest prices on eBay UK! Great Savings & Free Delivery / Collection on many items

8-way Optical Splitter

4042 8-way Optical Splitter 8-WAY OPTICAL PLC SPLITTER, 1 SC/APC TO 8 SC/APC, 1260-1650nm High quality and low loss splitter for your fiber system

8-Way Optical Fibre Splitter

Buy GLOBAL COMMUNICATIONS - 8-Way Optical Fibre Splitter. Get the best prices with fast delivery. Order today - MPN: F700339

Unlock the Power of Connectivity: Explore the 8 Port

Discover the capabilities of the 8 Port SFP Optical Switch, perfect for expanding your network connectivity with fiber optics and advanced Ethernet

8 Way Fibre Optical Cartridge Splitter Simplex | Blake UK

Enhance your fibre optic network with the 8-Way Single Mode Simplex Fibre Optical Cartridge Splitter. Ideal for efficient signal distribution, offering reliable and high

PLC SC/APC 8D optical splitter 1260...1650 nm 10 dB

8-way PLC splitter with SC/APC connectors for optical signals in the 1260 nm-to-1650 nm range. Perfect for mounting in boxes or rack trays.

UGREEN Ethernet Switch, 10-Port PoE Switch, 8 PoE+@60W + 2

More Ports, PoE Ready: UGREEN ethernet switch offers 8 PoE+ (802.3at/af) Gigabit ports (up to 30W each) and 2 Gigabit uplink ports, with a total power budget of 60W. Ideal for efficient power delivery

Kingray KPLC108 8 Way Fibre Splitter | Sciteq

Description Kingray KPLC108 8 Way PLC Fibre Splitter This Kingray KPLC108 8 Way Planar Optical Waveguide Optical Splitter (PLC Splitter) is an integration waveguide optical power distribution
