Professional Stainless Steel Cable Tray Manufacturer in the UAE

Overview

Cable Tray Manufacturers in Dubai, Abu Dhabi, Unigroup Cable Trays, Channels and Trunking Solutions are proudly manufactured in the UAE to the highest inte.

Key Takeaways

Top stainless steel cable tray manufacturers in the UAE include Emerald Steel Industries, Bonn Metal Construction Industries, Ruwais Steel, and DANA Steel, all offering high-quality, ISO-certified products for industrial and commercial projects. Key Manufacturers1.

Emerald Steel Industries LL

C Based in Ajman, Emerald Steel Industries is a trusted manufacturer and supplier of stainless steel cable trays and other cable management systems in the UAE and Middle East. They provide a wide range of products including cable ladders, trunking, U channels, and accessories. Their products are ISO 9001 certified, and they have experience supplying prestigious oil & gas projects, ensuring high-quality and reliable performance.

2.

Bonn Metal Construction Industries LL

C (BMCI) BMCI, headquartered in Sharjah, is one of the largest cable tray manufacturers in the UAE, producing stainless steel and galvanized cable trays. They offer a comprehensive range of cable management solutions including ladders, trunking, and strut channels.

BMC

I emphasizes quality control, adherence to industry standards, and timely delivery for large-scale industrial and commercial projects across the MENA region. 3. Ruwais Steel Ruwais Steel operates across the UAE, supplying stainless steel cable trays, ladder trays, trunking, and perforated trays.

Their manufacturing process follows strict ISO 9001: 2008 quality guidelines, including testing for tensile strength, dimensional accuracy, and hardness. They focus on durable, weather-resistant cable management systems suitable for industrial and construction applications. 4.

DANA Steel UAE DAN

A Steel manufactures stainless steel cable trays in Grades 304 and 316(L), along with aluminum, mild steel, and hot-dip galvanized options. Their products comply with international standards such as IEC 61537, BS EN 61537, and NEMA VE 1, and are available in powder-coated or epoxy finishes.

DAN

A Steel serves industrial, commercial, and residential projects and exports to multiple countries in the Middle East and Africa.

Considerations for Selection

Material Grade: Stainless steel grades 304 and 316(L) are recommended for corrosion resistance and durability. Certifications: ISO 9001 certification ensures quality management and consistent product standards. Project Experience: Manufacturers with experience in large-scale industrial or oil & gas projects can provide better engineering support and customized solutions.

Product Range: Consider suppliers offering a full range of trays, ladders, trunking, and accessories to simplify procurement and installation. These manufacturers are recognized for their high-quality stainless steel cable trays, compliance with international standards, and reliable service across the UAE, making them suitable choices for industrial, commercial, and infrastructure projects.
