AMETEC

H (Ameeri Stores W. L. L) AMETECH produces G.

I. cable management systems, including trays, trunking, and ladders. They operate a fully automatic powder coating plant and maintain high-quality standards, making their cable trays suitable for industrial and commercial fire protection applications. 4.

Amad Baeed Electrical W. L. L Amad Baeed provides electrical, mechanical, and telecommunication solutions across Bahrain and Saudi Arabia.

With a large product portfolio and partnerships with global manufacturers, they supply reliable cable tray systems for major projects, including fire-rated installations. 5. Jeetmull Jaichandlall (P) Ltd.

This company is recognized as a top cable tray manufacturer in Bahrain, offering trays in various sizes, shapes, and materials. They emphasize high-quality finishing, adherence to industry standards, and customization to meet specific fire protection and industrial requirements.

Considerations for Fire Protection Cable Trays

Material: Steel or aluminum trays are preferred for fire resistance. Load Capacity: Ensure the tray can support the weight of cables and withstand environmental conditions. Compliance: Check for adherence to local fire safety and electrical standards.

Customization: Some manufacturers offer tailored solutions for complex installations. These manufacturers provide both products and technical support, making them suitable partners for projects requiring fire protection cable tray systems in Bahrain.
