Key Takeaways

Cable trays in Albania typically range from €15 to €100 per meter, depending on material, size, and customization.

Price Overview

The cost of cable trays in Albania varies based on material, size, and type: Galvanized Steel Cable Trays: Commonly used for industrial and commercial installations, these trays are durable and corrosion-resistant. Prices generally range from €15 to €50 per meter for standard sizes. Stainless Steel Cable Trays: Suitable for environments requiring higher corrosion resistance, such as chemical plants or coastal areas.

Prices are higher, typically €40 to €100 per meter. Fiberglass Cable Trays: Lightweight and non-conductive, ideal for specialized applications. Prices are comparable to stainless steel, depending on size and load capacity.

Perforated and ladder-type trays may cost slightly more due to manufacturing complexity and ventilation features that improve airflow and prevent overheating.

Factors Affecting Cost

Size and Load Capacity: Wider or deeper trays designed to carry heavier cables cost more. Customization: Cut-to-length, bends, and special fittings increase the price. Supplier Services: Some suppliers, like Brilltech Engineers Pvt.

Ltd., offer design support, installation guidance, and bulk discounts, which can affect overall cost. Material Quality: Premium galvanized or stainless steel with anti-corrosion coatings commands higher prices.

Suppliers in Albania

Brilltech Engineers Pvt. Ltd.: Offers galvanized, stainless steel, and fiberglass cable trays with customization options and installation support. Local Manufacturers and Distributors: Several Albanian suppliers provide bulk pricing and various sizes for industrial, commercial, and residential projects.

For precise pricing, it is recommended to contact suppliers directly with your project specifications, including tray length, width, material, and quantity, as bulk orders often receive discounted rates.
