Custom Explosion-Proof Distribution Boxes in the UAE

Overview

Distribution Boxes – WAROM UAE | EX Manufacturer Showing all 7 results BXM (D)53 Series Distribution Boxes and Empty Enclosures – WAROM Distribution Boxes.

Key Takeaways

Custom explosion-proof distribution boxes in the UAE are available from certified suppliers like WAROM, Prolux International, and Sensor Control, offering ATEX/IECEx compliance and tailored solutions for hazardous industrial environments. Key Suppliers and CapabilitiesWAROM Technology MENA FZCO is a leading manufacturer and distributor of explosion-proof electrical equipment in the UAE, offering a wide range of products including distribution boxes, control equipment, motor switchgear, and enclosures. Their facility in Dubai is fully equipped for custom assembly, technical support, and quality control, ensuring products meet ISO9001, ATEX, and IECEx standards.

WAROM's solutions are widely used in industries such as oil and gas, chemical, aerospace, and marine, and they provide tailored solutions for both onshore and offshore projects. Prolux International specializes in ATEX/IECEx certified explosion-proof junction boxes and distribution boxes. They offer customization services including drilling, component integration, terminal installation, and gland fitting.

Their products are suitable for Zone 21/22 and other hazardous areas, with attention to heat dissipation, safety, and compliance with international standards. Prolux emphasizes cost-effective solutions while maintaining strict quality and safety checks.

Sensor Control LL

C provides high-quality explosion-proof junction boxes and enclosures with IP66 rating, suitable for Zones 0, 1, 2, 20, 21, and 22. They offer a variety of materials such as stainless steel, aluminum, and GRP, and their products are designed to contain ignition sources and prevent explosions in hazardous environments. Sensor Control also provides guidance for selecting the right product for specific industrial applications.

Customization and Safety Features

Material Options: Stainless steel, aluminum, GRP for corrosion resistance and durability. Certifications: ATEX, IECEx, UL, ensuring compliance with international safety standards. Hazardous Zone Compatibility: Products designed for Zones 0–2 (gas) and Zones 20–22 (dust).

Custom Assembly: Integration of terminals, glands, and internal components tailored to factory requirements. Safety Checks: Flameproof enclosure verification, weatherproof sealing, and proper Ex-proof glanding.

Applications

These custom explosion-proof distribution boxes are ideal for factories handling flammable gases, vapors, or dust, including oil and gas facilities, chemical plants, mining operations, and marine environments. They ensure operational safety, compliance with regulations, and protection of personnel and equipment. For factories in the UAE, engaging with suppliers like WAROM, Prolux International, or Sensor Control LLC allows for fully customized, certified, and reliable explosion-proof distribution solutions that meet both technical and regulatory requirements.

Ex-Proof DB – Orostar

This explosion-proof DB is officially sanctioned for secure use in hazardous areas, spanning Zone 1, Zone 21, Zone 2, and Zone 22. The Exproof DB incorporates

Spexa Electrical

Spexa Electricals is a trusted ISO 9001:2008 certified provider of explosion-proof products and services for the oil and gas industry. With proven expertise and a

Explosion Proof

Warom''s product spectrum covers a wide range, including Explosion Proof light fittings, control stations, distribution panels, junction boxes, cable glands, etc., which are widely used in a variety of fields

Explosion Proof Power Distribution Panels UAE | ATEX IECEx | Team ...

ATEX & IECEx certified explosion proof power distribution panels for Zone 1 & Zone 2 hazardous areas. Manufactured in Dubai UAE. Serving Oil & Gas, Petrochemical, Offshore. Request a quote.

Purge and Pressurized control system UAE | Hazardous Area

We can design and provide the complete solutions for control panels, distribution boxes to use in hazardous and explosive atmospheres by integrating the components from leading manufactures.

Orostar – Your Partner in Electrical Engineering Solutions

We offer customized certified solutions and Products inline with ATEX/IECEX/UL/FM/CE standards. To meet diverse needs and ensure timely
