Custom Price for 24-core Fiber Optic Terminal Box

Overview

24 Core Fiber Optic Termination Box Price 209 24 core fiber optic termination box price products are offered for sale by suppliers on Alibaba.com, of which.

Key Takeaways

A 24-core fiber optic terminal box typically costs between $8 and $60, depending on material, features, and supplier. Price Range and ExamplesLow-cost options: Basic 24-core outdoor fiber distribution boxes can be found for around $8 on eBay, suitable for simple wall or pole mounting with standard FTTH compatibility. Mid-range options: Amazon listings for 24-core fiber optic terminal boxes, including wall-mounted or rack-mounted units with steel or plastic construction, generally range from $25 to $60.

These often include splice trays, adapters, pigtails, and cable management accessories. Specialized or rack-mounted units: High-quality rack-mounted 24-core boxes with electrostatic painted steel and full accessory kits may cost $50–$60 or more, depending on brand and included components.

Factors Affecting Cost

Material: Steel boxes are more durable and weather-resistant, while plastic boxes are lighter and cheaper. Indoor vs. Outdoor Use: Outdoor-rated boxes often include weatherproofing, which increases cost.

Included Accessories: Boxes with splice trays, adapters, pigtails, and cable management hardware are more expensive than bare units. Mounting Type: Wall-mounted boxes are generally cheaper than rack-mounted sliding units. Supplier and Shipping: Prices vary between online marketplaces (Amazon, eBay) and specialized fiber optic distributors, and shipping costs may affect the total price.

Summary

For a 24-core fiber optic terminal box, expect to pay $8–$60 depending on quality, material, and included accessories. For professional installations requiring durability and full accessory kits, mid-range options around $30–$60 are typical, while basic units for simple setups can be purchased for under $10.
