East Asia High and Low Voltage Complete Equipment Services

Overview

We a leading EPC contractor specializing in high-voltage power transmission and substation projects. With over 35 years of experience, the company provides comprehensive services including design, supply, construction, and maintenance for 115/230/500 kV transmission lines. Compact footprint: Space-saving design reduces installation area by 30% compared to traditional solutions. Smart monitoring: Integrated sensors provide real-time data (temperature, current) for predictive maintenance. Flexible. Zhonghui Runchi · Comprehensive Export Service Provider Headquartered in Hangzhou, China's “Silicon Valley,” the company specializes in high and low voltage complete electrical equipment, intelligent power distribution systems, and industrial power solutions. With deep industry expertise and a. Beier Transformer Group Co. Their core function is to achieve end-to-end management of electric. We provide comprehensive electrical equipment solutions that encompass a wide range of products, including cable accessories,low-voltage switches, high-voltage equipment, switchgear, transformers and photovoltaic systems. 4-35KV high-low voltage full set electric equipments and cable trays, together with electric engineering construction, city road lighting construction.
