Huijue 32-core fiber optic distribution box

Overview

Built for durability and versatility, this distribution box supports up to 48FO splicing and accommodates 32 subscriber connections, making it ideal for residential, commercial, and industrial FTTH projects. At the heart of every fiber-to-fiber and fiber-to-device interconnect is a precision fiber optic interconnect assembly. com is committed to using the most advanced precision component design, metrology and manufacturing technology. Continuous research and development, participation in. Huijue Communication Equipment specializes in producing ODN product series, including jumperless optical cross-connect cabinets, optical fiber distribution boxes of various core counts, optical cable joint closures, termination boxes, and other optical distribution network equipment. Integrating intelligent temperature control, power supply, lithium battery and AI technology Huijue Net cabinet adopts modular design, simple installation, easy expansion, rich accessories, and meets the. Fiber Optic Equipment, Network Cabinet from China Manufacturers - Shanghai Huijue Network Communication Equipment Co. It integrates splicing, signal splitting, storage and cable distribution function within a single enclosure for outdoor. The ODB-32K 32 Cores FTTH Fiber Distribution Box is a high-performance solution designed for fiber-to-the-home (FTTH) network distribution.
