Manufacturers of fiberglass cable trays in the Middle East

Overview

Top 5 Cable Tray Manufacturers in the Middle East This article covers key manufacturers, regional standards, and specific features to consider when selecti.

Key Takeaways

Bonn Gulf and Continental Fibre Glass Industry are among the leading manufacturers of high-quality fiberglass (GRP/FRP) cable trays in the Middle East.

Bonn Gulf

Bonn Gulf is a prominent GRP and FRP cable tray manufacturer in the UAE, specializing in industrial-grade solutions for harsh environments such as marine facilities, petrochemical plants, and energy infrastructure. Their products include GRP cable trays and FRP ladders, which are lightweight, corrosion-resistant, and non-conductive, eliminating the need for electrical grounding. Bonn Gulf uses the pultrusion process to ensure uniform mechanical performance and durability.

They also offer customized sizes and designs, along with connectors, bends, covers, and brackets, making them suitable for complex industrial projects.

Continental Fibre Glass Industry

Established in 2007, Continental Fibre Glass Industry L. L. C has built a strong reputation in the UAE for producing durable and high-quality fiberglass products, including cable trays.

Their manufacturing process adheres to UAE and international quality standards, and they provide customizable solutions for electrical, industrial, and energy applications. The company also has extensive experience in fiberglass repair and maintenance, which can be valuable for long-term infrastructure projects.

Key Advantages of Fiberglass Cable Trays

Corrosion resistance: Ideal for coastal, chemical, and marine environments. Lightweight yet strong: Easier installation and support for heavy-duty cables. Non-conductive: Safe for electrical installations without grounding.

Customizable: Can be tailored to project-specific dimensions and load requirements. Compliance: Manufactured according to recognized international standards for industrial safety and performance.

Recommendation

For industrial, energy, or marine projects in the Middle East, Bonn Gulf is highly recommended for its specialized GRP/FRP cable trays and ladders with proven durability in harsh conditions. Continental Fibre Glass Industry is also a strong choice for projects requiring customized fiberglass solutions and long-term reliability. Both companies offer comprehensive support, high-quality materials, and compliance with international standards, making them top options for fiberglass cable tray installations in the region.
