Nigerian Cable Tray Model List

Overview

Our extensive product portfolio includes Galvanized Cable Trays, Ladder Cable Trays, Perforated Cable Trays, Raceways, Unistrut Channels, Wire Mesh Cable Trays, and more.

Key Takeaways

Nigerian cable tray models include perforated trays, ladder trays, solid-bottom trays, wire mesh trays, and galvanized or stainless steel options suitable for light, medium, and heavy-duty applications. Common Cable Tray Types in Nigeria1.

Ladder Cable Trays

Designed for heavy-duty industrial projects requiring strength and ventilation. Ideal for supporting large bundles of electrical and communication cables. Typically made from galvanized steel, stainless steel, or aluminum for corrosion resistance.

2.

Perforated Cable Trays

Feature holes along the tray base for ventilation and heat dissipation.

Suitable for I

T, data centers, and telecom installations where airflow is critical. 3.

Solid-

Bottom Cable Trays

Provide complete protection for cables from dust, debris, and environmental exposure. Commonly used in commercial and industrial buildings where cable protection is a priority. 4.

Wire Mesh Trays

Lightweight and flexible, allowing easy routing of cables in complex layouts. Often used in office complexes, hospitals, and ICT infrastructure. 5.

Galvanized and Stainless Steel Trays

Galvanized trays resist corrosion and are suitable for outdoor or humid environments. Stainless steel trays offer higher durability and are used in harsh industrial conditions.

Specifications and Sizes

Standard sizes include widths like 300mm x 50mm, with lengths typically around 2. 5 meters for easy installation and transport. Trays are available in light, medium, and heavy-duty designs to accommodate different cable loads and project requirements.

Accessories such as bends, tees, covers, and clamps are available for complete cable management systems. Leading Suppliers in NigeriaNed-Tech: Offers a wide range of cable trays including ladder, perforated, solid-bottom, and wire mesh trays, with fast delivery across Nigeria and West Africa. Schneider Electric Nigeria: Supplies Wibe cable trays and other industrial-grade solutions.

Local Manufacturers and Exporters: Available through directories like TradeFord, providing options for galvanized, powder-coated, and stainless steel trays along with installation accessories.

Applications

Industrial & Energy Projects: Power stations, substations, and renewable energy installations. Commercial & Real Estate: Office complexes, malls, and high-rise buildings. Telecommunications & ICT: Data centers, telecom towers, and ICT infrastructure.

Government & Institutions: Hospitals, schools, and public infrastructure projects. Nigerian cable tray models are designed to meet ISO 9001: 2008 quality standards, ensuring durability, safety, and compatibility with various electrical and communication systems.
