

Price of 4-core fiber optic cable

Overview

Discover the cost of fiber optic cable in this pricing guide. Learn material prices, installation factors, and what impacts total project costs overall.

Key Takeaways

The cost of connecting a 4-core fiber optic cable typically ranges from \$0.40 to \$1.80 per meter for the cable itself, with total installation costs varying from \$2 to \$6 per foot depending on complexity and environment.

Cable Material Costs

The price of a 4-core fiber optic cable depends on several factors, including fiber type (single-mode vs multimode), jacket material (indoor, outdoor, armored), and length. For example, single-mode OS2 4-core cables designed for long-distance transmission generally cost more than multimode OM3 or OM4 cables used for shorter runs within buildings or campuses. Typical prices for 4-core cables start around \$0.

40 per meter for basic indoor cables and can reach \$1.80 per meter for ruggedized outdoor or armored versions. A standard 100-meter reel of single-mode 4-core cable usually costs \$60–\$90, depending on order volume and customization needs (such as LSZH jackets or armored construction).

Installation Costs

Installation costs vary based on the method and environment. Indoor runs are generally less expensive, while outdoor, underground, or armored installations require additional labor, trenching, conduit, and protective measures. Typical installation costs range from \$2 to \$6 per foot, which includes labor for splicing, termination, and testing.

For example, a 1,000-foot indoor single-mode run with minimal terminations may cost around \$2,650–\$3,100, while a more complex 2,000-foot outdoor run with conduit and multiple terminations could cost \$4,940–\$6,120.

Factors Affecting Total Cost

Fiber Type: Single-mode is more expensive but supports longer distances; multimode is cheaper and suitable for shorter runs. **Cable Construction:** Armored or direct-burial cables cost more due to durability and environmental protection. **Installation Environment:** Underground or aerial installations increase labor and material costs.

Bulk Orders: Large-volume purchases often receive tiered discounts, reducing per-meter costs. **Additional Components:** Connectors, patch panels, and testing equipment add to the total project cost.

Summary

For a typical 4-core fiber optic connection: Cable only: \$0.40–\$1.80 per meter (\$60–\$90 for 100 meters) Installed cost: \$2–\$6 per foot, depending on complexity and environment Bulk or customized orders may reduce unit costs but could increase initial setup complexity Choosing a reputable supplier and professional installation ensures reliable performance, compliance with standards, and reduced long-term maintenance costs.

Cost of Fiber Optic Cable: Pricing Guide (2026)

Discover the cost of fiber optic cable in this pricing guide. Learn material prices, installation factors, and what impacts total project costs overall.

4 Core Optical Fiber Cable

Our 4 Core FTTH Single Mode Optical Fiber Cables are designed to meet the specific needs of telecom operators and ISPs. They provide high-performance

Fiber Optic Cable Supplier, Distributor

Stocking distributor of fiber optic installation tools, bulk fiber cables, fiber patch cables, test equipment, cable management, fiber optic training and more.

Fiber Optic Cables

CommScope designs and manufactures a comprehensive line of fiber optic cables—from outside plant to indoor/outdoor and fire-rated indoor fiber cables.

4-port sc optical fiber terminal box □ square port/round ...

Ugh, seriously! installing that fiber optic box almost turned my router cables into a tangled mess Until i found this "4-port sc fiber terminal box" - square/round dual-formatted, 4-core lc

i-Net Networks 2000m 4-Core Singlemode Fiber Optic Cable, G652.D

i-Net Networks 2000m 4-Core Singlemode Fiber Optic Cable, G652.D 9/125 Buy Online with Best Price. Express delivery to Kuwait, Al Ahmadi, Hawalli, Al Farwaniyah

TMT 4 Core FTTH Fiber Optic Cable Single Mode Indoor/Outdoor

4 core ftth cable fiber optic Single mode outdoor g657a1/a2 TMT GLOBAL provides high-strength optical fiber cables for use in various industrial, indoor, and outdoor applications.

i-Net Networks PPFD-4L 48-Port (96 Core) Fiber Optic Sliding Patch ...

The i-Net Networks PPFD-4L is a high-capacity 48-port (96 core) sliding fiber optic patch panel designed for SC simplex and LC duplex applications. Built for professional network installations, it includes a

i-Net Networks 2000m 4-Core Singlemode Fiber Optic Cable, G652.D

i-Net Networks 2000m 4-Core Singlemode Fiber Optic Cable, G652.D 9/125 Buy Online with Best Price. Express delivery to Saudi Arabia, Riyadh, Jeddah, Medina, Dammam, Mecca

4-Core OPLC Hybrid Photoelectric Fiber Optic Cable with Integrated ...

More details about a Hybrid Cable GDTA bybrid fiber cable with 2 copper conductors GDTS hybrid fiber cable with 2 copper conductors GDTS hybrid fiber cable with 2*2.5MM² copper conductors Packing

4 Core Fiber Optic Cable Price with OWIRE Solutions

The 4 core fiber optic cable price can vary significantly based on several key factors, including cable type, construction quality, brand reputation,

5 Meters 4 Core Industrial TPU LC to LC Outdoor

About this item 4 Core Single Mode LC Industrial Armored TPU Fiber Optic Patch

4-Core Single mode Fiber Optic Cable

Fiber optic 4-core round drop cable consists of four parts, PE plastic cover, multi-strand aramid yarn, PBT loose tube with jelly compound and optical fiber. These

Fiber Optic Cable Price Per Foot Guide 2026

Buyers typically pay a range for fiber optic cable per foot depending on fiber type, jacket, and shielding, plus installation considerations. This guide outlines typical cost ranges and the main

4 Core Fibre Optic Cable Price

Find 4 core fibre optic cable price from reliable suppliers. Shop our selection of high-quality, durable, and cost-effective optical cables for various applications.

"4 Core Fiber Optic Cable Price"

Our comparison guide covers top distributor reliability, recent price shifts, and customization options, all key for electrical OEM projects. Need precise procurement insights? Contact us for tailored price lists.

4 Core Fiber Optic Cable

Discover 4 core fiber optic cables for reliable fiber networking. Ideal for FTTH, outdoor use with CE/ROHS certification and G657A1/G652D fiber types.
