Price of Canadian High-Voltage Cable Trays

Overview

Cable trays and baskets are designed to help support and route cable bundles in an organized manner along ceilings or walls. Shop for cable tray systems now.

Key Takeaways

High-voltage cable trays in Canada typically range from CAD 50 to CAD 300 per meter depending on material, size, and configuration.

Pricing Overview

The cost of high-voltage cable trays varies based on material (aluminum, steel, or galvanized steel), tray width, height, and style (ladder, perforated, or solid-bottom). For example, aluminum trays are generally lighter and corrosion-resistant but may be slightly more expensive than standard steel trays. Typical prices for standard aluminum cable trays range from CAD 50 to CAD 150 per meter, while larger or heavy-duty trays for high-voltage applications can reach CAD 200 to CAD 300 per meter depending on specifications and accessories.

Supplier Options in CanadaWESCO Canada: Offers a wide range of aluminum and steel cable trays, including splice plates, covers, and end closures. Pricing requires logging in or requesting a quote. Canadian Industrial Electrical Supply: Stocks new and surplus aluminum cable trays from 4” to 36” widths.

For pricing, customers are advised to call or email sales. Nedco: Provides cable trays and accessories for contractors and project managers, with pricing available upon request.

AB

B Electrification Canada (T&B Cable Tray Systems): Offers complete cable tray systems for industrial and commercial applications, emphasizing cost efficiency and adaptability. Quotes are provided through their catalogue or sales representatives. Lumen: Lists cable tray products but does not provide public pricing; inquiries are needed for quotes.

How to Obtain Accurate Pricing

Contact suppliers directly via phone or email to request a quote for your specific tray type, size, and quantity. Specify material and configuration (ladder, perforated, solid-bottom, width, and height) to get precise pricing. Include accessories such as splice plates, covers, and end closures, as these can add to the total cost.

Consider shipping and installation costs, which may vary depending on location and order size. By reaching out to multiple suppliers, you can compare quotes and ensure you get the best price for your high-voltage cable tray requirements in Canada.
