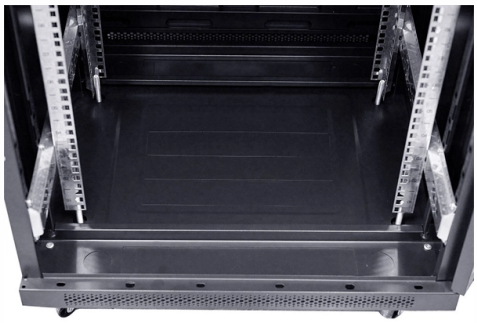
Price of cable trays laid in cable trenches



Overview

Cable Tray Price Per Meter: Market Analysis & Cost Discover the key factors affecting cable tray price per meter, including materials, demand, and competit.

Key Takeaways

Cable trays for cable trenches typically range from £20 to £100 per 2. 4–3 meter length, depending on duty rating, size, and material.

Overview of Trench Cable Trays

Trench cable trays are designed to provide structured pathways for power and data cables in underground or recessed installations. They are available in light, medium, and heavy-duty options, with pre-galvanised steel construction for durability and corrosion resistance. Standard lengths are usually 2.

4 meters or 3 meters, and trays come in various widths and depths to accommodate different cable volumes. Price Ranges by Duty RatingLight Duty Trays: Suitable for lighter cable loads, available in depths of 50mm, 75mm, 100mm, and 150mm. Prices typically start around £20–£30 per 2.

4m length. Medium Duty Trays: Designed for moderate cable volumes, depths range from 50mm to 300mm. Prices generally range from £35–£60 per 3m length depending on size and supplier.

Heavy Duty Trays: For high-load or industrial applications, available in 75mm to 300mm depths. Prices can reach £70–£100 per 3m length.

Fittings and Accessories

Cable tray systems often require bends, tees, risers, reducers, and couplers for complex cable runs. These are priced per piece, typically ranging from £5 to £50 depending on size and type.

Additional Considerations

Material: Pre-galvanised steel is standard for corrosion resistance; stainless steel or powder-coated options may cost more. Standards Compliance: Trench trays are manufactured to BS EN 61537: 2007 and BS EN 10346: 2015, ensuring quality and safety. Bulk Orders: Suppliers often offer discounts for large quantities, which can reduce the per-unit cost.

For accurate pricing, it is recommended to contact suppliers directly with your required tray dimensions, duty rating, and quantity, as prices can vary based on specifications and market conditions.
