Key Takeaways

Tray-type cable trays in Zhuji typically range from 50 to 500 RMB per meter, depending on material, size, and customization.

Price Overview

The cost of tray-type cable trays varies significantly based on material, load capacity, and environmental resistance. Common materials include: FRP (Fiberglass Reinforced Plastic): Lightweight, corrosion-resistant, and suitable for harsh environments; prices generally range from 150 to 500 RMB per meter for industrial-grade trays. Steel (galvanized or stainless): Strong and durable, often used in commercial or high-load applications; prices typically range from 100 to 400 RMB per meter.

Polymer composite or epoxy trays: Flame-retardant and anti-corrosive, ideal for chemical or outdoor installations; prices are usually 200 to 450 RMB per meter.

Factors Affecting Price

Tray Width and Depth: Larger trays for higher cable loads cost more. Environmental Conditions: Corrosion-resistant or flame-retardant trays are priced higher. Customization: OEM or factory-direct orders with specific dimensions or covers may increase cost.

Accessories: Brackets, covers, and support arms made of matching materials add to the total price.

Sourcing in Zhuji

Zhuji, being a hub for electrical and industrial components, has local manufacturers and wholesalers. Platforms like Made-in-China, Alibaba, and Tradewheel list suppliers who can provide bulk pricing and quotes directly. Contacting suppliers for a custom quote is recommended to get accurate pricing for your specific project requirements.

Recommendation

For budgeting purposes, expect 50–500 RMB per meter depending on material and specifications. For large-scale projects, requesting quotes from multiple local suppliers in Zhuji will help secure competitive pricing and ensure compliance with load and environmental requirements.
