Price of zinc-aluminum-magnesium cable trays in El Salvador

Overview

"Zinc Aluminum Magnesium Cable Tray" Design engineers or buyers might want to check out various Zinc Aluminum Magnesium Cable Tray factory & manufacturers.

Key Takeaways

Zinc-aluminum-magnesium cable trays typically range from $0. 80 to $76 per unit depending on size, type, and purchase volume, with bulk B2B orders offering lower per-unit costs. Overview of Zn-Al-Mg Cable TraysZinc-aluminum-magnesium (Zn-Al-Mg) cable trays are high-performance, corrosion-resistant systems designed for industrial, construction, and marine environments.

They feature a steel substrate coated with a Zn-Al-Mg alloy, providing enhanced durability, self-healing properties, and long service life compared to traditional galvanized trays. Common configurations include ladder-type, trough, and perforated trays, with optional organic coatings for additional protection. Price RangeB2C (retail) prices: Typically between $15 and $34 per tray, suitable for small-scale or DIY installations.

B2

B (bulk) prices: Can range from $0. 80 to over $76 per unit, depending on tray dimensions, thickness, and supplier. Bulk purchases often reduce the per-unit cost significantly, making them ideal for large construction or industrial projects.

Factors influencing price include: Tray type: Ladder, trough, or perforated designs have different material and manufacturing costs. Size and load capacity: Larger trays or those designed for heavy-duty applications cost more. Coating quality: Higher Zn-Al-Mg alloy content and additional protective coatings increase durability and price.

Supplier and shipping: International suppliers may offer competitive rates, but shipping to El Salvador can affect the final cost.

Local Procurement Considerations

While specific El Salvador pricing is not listed, importing from regional suppliers or international B2B platforms like Alibaba is common. Local distributors may add handling and shipping fees, so it is advisable to request quotes from multiple suppliers to compare costs and delivery options.

Summary

For projects in El Salvador, expect Zn-Al-Mg cable trays to cost roughly $1–$76 per unit, with bulk orders offering the most cost-effective solution. These trays provide superior corrosion resistance, long-term durability, and reduced maintenance, making them a worthwhile investment for industrial and outdoor installations.
