Recommended Italian-style cable trays

Overview

Top 5 Cable Tray Manufacturers in Italia Looking for the top cable tray manufacturers in Italia?

This detailed guide introduces you to five industry leader.

Key Takeaways

Italian cable trays are high-quality, versatile systems designed for industrial and infrastructure applications, with options in stainless steel, galvanised steel, and aluminium, meeting EN and UL standards.

Leading Italian Manufacturers

Schiavetti Tekno (Spina Group): Established in 1964, Schiavetti Tekno specializes in industrial cable management solutions, offering stainless steel, galvanised, and wire cable trays in ladder, perforated, closed, and wire-mesh types. They provide custom sizes, including 300 mm trays, and ensure compatibility with Unistrut systems. Accessories, covers, and supports are available for complete modularity and protection against dust, humidity, and mechanical impacts, suitable for indoor and outdoor environments.

Zamet Sp

A: With over 40 years of experience, Zamet produces trunking and cable tray systems for civil and industrial applications. Their product lines (ZT, ZS, ZM, ZR, ZH, ZC, ZU, ZE, ZF) offer versatile solutions, including custom designs for specific project requirements. Other Notable Manufacturers: SITIE, Sati Italia S.p.

A, DKC Europe, and FOREL SRL are recognized for industrial cable trays, instrumentation fittings, and energy distribution systems, providing both standard and customized solutions.

Product Types and Materials

Cable Tray Types: Ladder trays for ventilated support, perforated trays for lightness and airflow, closed-bottom trays for cable isolation, and wire-mesh trays for flexible routing. Materials: Hot-Dip Galvanised (HDG) steel, stainless steel, and aluminium for corrosion resistance, lightweight applications, and outdoor durability. Accessories: Elbows, junctions, supports, fixing systems, and covers ensure safe installation and modularity.

Standards and Compliance

Italian cable trays are manufactured in compliance with European (EN) and international (UL) standards, ensuring electrical continuity, thermal expansion management, and long-term performance in demanding industrial environments.

Export and Supplier Insights

Italy has around 20 cable tray suppliers exporting globally, with leading exporters including WEIDMULLER LOGISTISCHE DIENSTLEISTUNGEN GMBH, BOCCHIOTTI S. P. A., and DSV SOLUTIONS SP ZOO UL INNOWACYJNA, accounting for over 55% of exports.

These suppliers provide detailed trade data, shipment records, and direct contact information for decision-makers.

Recommendations

Select based on environment: Use stainless steel or aluminium for corrosive or outdoor conditions; galvanised steel is suitable for general industrial use. Consider tray type: Ladder trays for ventilation, closed trays for sensitive cables, and perforated trays for lightweight installations. Check standards compliance: Ensure EN and UL certification for safety and reliability.

Leverage supplier support: Italian manufacturers often provide technical design, testing, and after-sales assistance, which is valuable for complex industrial projects. Italian cable trays offer robust, customizable, and standards-compliant solutions suitable for a wide range of industrial, infrastructure, and plant engineering applications.
