Slovenia-based professional manufacturer of mesh cable trays

Overview

Cable Management Cable Management Products for Any Environment Elba is the leading Slovenian manufacturer and distributor of products for electrical instal.

Key Takeaways

Slovenia offers several reputable manufacturers of high-quality mesh and perforated cable trays, including Bevec d.o.o., Jeetmull Jaichandlall, Brilltech Engineers, Cable House, and Elba d.o.o., all providing durable, customizable, and standards-compliant solutions.

Leading Manufacturers

Bevec d.o.o. specializes in cable trays for industrial, transport, and telecommunications applications. They offer trays in widths from 50 to 600 mm and heights from 50 to 60 mm, fabricated from galvanized, hot-dip galvanized, or stainless steel, with optional powder coating. Their product line includes a wide range of bends, couplers, and support accessories for complex installations, ensuring compliance with environmental and safety standards.

Jeetmull Jaichandlall is recognized for high-quality wire mesh cable trays in Slovenia. They provide trays in various sizes, shapes, and colors, manufactured with modern equipment and advanced technology. Their products are durable, impact-resistant, and suitable for heavy loads, making them ideal for industrial and commercial applications.

They emphasize strict adherence to industry standards and quality control. Brilltech Engineers Pvt. Ltd. offers perforated and mesh cable trays that enhance airflow, prevent overheating, and optimize cable management.

Their trays are made from premium materials such as galvanized steel, stainless steel, and fiberglass. They provide installation support, system design assistance, and ensure compliance with safety regulations. Cable House has been active since 1983, producing customized cable tray solutions along with other electrical accessories.

Their products are known for high durability, reliable performance, and long service life. They cater to both national and international clients, offering tailored solutions to meet specific project requirements. Elba d.o.o. manufactures cable trays and other electrical installation products using advanced machinery, including TRUMPF laser and computer-guided bending machines.

They provide precise, high-quality sheet metal processing with optional powder coating for durability and aesthetics. Elba also offers expert consultation and machine services for custom projects.

Key Considerations

Materials: Galvanized steel, stainless steel, hot-dip galvanized steel, and fiberglass for corrosion resistance and durability. Customization: Sizes, shapes, bends, couplers, and powder coating options. Applications: Industrial facilities, road and rail infrastructure, telecommunications, and electrical distribution.

Support: Many manufacturers provide installation guidance, system design support, and compliance with safety standards. For high-quality mesh cable trays in Slovenia, these manufacturers offer reliable, durable, and customizable solutions suitable for a wide range of industrial and commercial applications.
