NAFICO

N – A UAE-based supplier with Finnish parent company Naficon Liitin Oy, specializing in optical cables, patch cords, panels, and cabinets. They serve telecom, data center, and utility sectors and are ISO9001 certified. Gcabling – Offers a broad portfolio of fiber optic cables and related accessories, providing solutions for structured cabling and high-speed data transmission.

Fahad Cables Industry FZ

E – Produces single-mode and multi-mode fiber optic cables for indoor and outdoor applications. Their manufacturing adheres to ISO 9001: 2015 and IEC standards, ensuring reliability and performance. Cables House – A distributor and stockist in Dubai, offering single-mode and multi-mode fiber optic cables (OS2, OM3, OM4) along with accessories like patch cords and splicing equipment.

Optronics Plus – Specializes in fiber optic cables and connectivity solutions, including connectors, adapters, and patch panels, supporting high-speed data transmission.

US

Tech – Provides advanced telecommunication products with a focus on fiber optic technology, serving both local and international markets.

Additional Notes

Many of these companies also provide installation, testing, and maintenance services, making them full-service partners for telecom and IT infrastructure projects.

The UA

E serves as a central hub for fiber optic distribution across the GCC and broader Middle East region, with companies catering to both commercial and industrial applications. These suppliers offer a variety of fiber types, including single-mode for long-distance communication and multi-mode for high-bandwidth short-distance applications, ensuring compatibility with diverse network requirements.
